Sample Twitter Posts

- Tell Congress to protect CHIP and what the program means to you. Together, we can protect health care for ALL our children #CHIPworks
- CHIP covers more than 300,000 children in New York! Let's not take that away from them. #CHIPworks
- If Congress doesn't #ExtendCHIP by Sept 30, kids will lose coverage & families will have to choose b/w paying bills or seeing the doctor

Sample Facebook Posts

- It is time for Congress to act on CHIP! For over 20 years CHIP has ensured that working families could afford health coverage for their children and gain access to quality health care. But if Congress does not act fast to renew CHIP it will leave many children vulnerable. Tell Congress that #CHIPworks!
- We urge New York Congressional representatives to protect our children as CHIP funding is set to expire by September 30, 2017. Our children are better off because #CHIPworks!
